STUDENT TRANSFERS IN

Children shall be accepted for enrollment in all grades of the school system at any time upon presentation of acceptable certificates of record from their former school and upon presentation of acceptable proof of their legal residence in the district. It shall be at the superintendent's discretion to decide what constitutes acceptable proof of residence.

In addition, nonresident students meeting requirements of the open enrollment laws and the Nonresident Students policy may transfer to this district for a minimum of one year.

Students must present evidence of physical exams, immunizations and other requirements as stated by other policies of the district.

Students expelled or suspended from their previous school will only be enrolled at the recommendation of the superintendent.
