

STUDENT MUSIC TRIP

The purpose of the Music Trip is to provide an educational experience and to reward instrumental and vocal music students for their years of service to the Wakefield music department. All band and choir members will be eligible for the music trip.

Each instrumental and vocal student will be given the opportunity to raise funds starting in junior high to apply to the music trip through the annual fund-raising activities sponsored by the Wakefield Music Boosters.

Each student's annual individual total sales profit will be kept on record in the music office with all funds being deposited into the Wakefield Music Booster account.

After determining the per student cost of the trip, the total earned by each student will be subtracted and the balance of the expense will be the student's responsibility. Any excess funds will remain in the music activity fund and will be used to further benefit the music department.

Each year the trip will be sponsored by the instrumental and vocal instructors and additional adult sponsors as needed. The number of sponsors will be determined by the number of students involved. All sponsor expenses (except meals) will be included in the per student cost and will be paid by the students' account.
