Student Records

The school district shall maintain student records and reports as are necessary for effective administration and in compliance with law.

Each building principal will assign responsibilities for the preparation and maintenance of pupil records and will establish rules and regulations regarding their storage and use in the building.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. [For purposes of this policy, "teachers" include paraeducators and volunteers who are providing educational services to a student on behalf of the School District, and "school administrators" include attorneys and members of law enforcement acting on behalf of the school district.] No other person shall have access thereto nor shall the contents thereof be divulged in any manner to any unauthorized person. All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child with written parental consent.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.
