

From the Superintendent

The weather is turning nice, the days are getting longer, and the 2010-2011 school year is quickly coming to a close. As a reminder, the last day of school will be May 25th and we will have a 2:00 pm dismissal of all students.

A couple projects that will be taking place this summer inside the building are the remodeling of the kitchen, lunchroom, and stage. Included in this remodel will be the replacement of the stove, oven, and asbestos flooring. The school will also be working on the replacement of the doors between the elementary and main entrance doors along with the installation of access control doors for the main entrance and elementary entrance.

I would like to thank all of those who have supported the school over the past two years. I wish all of you continued success.
